Dear Meade:

Just a note to explain that the only address we are
using, for the literature, at the present time, is the Long Beach number. ★

I discovered that on some of the advertisements about
GALAXIES the church on Parkview, in Los Angeles, had been printed.

But I will not be at the church, having severed my act-
ivities there rather definitely in order to concentrate on the work
at home.

We will have GALAXIES ready by the first December, and
perhaps that will be in time for a mention of it in Round Robin.

At the moment I am entertaining Bertie Lilly Candler
and driving Pelley wild, I trust.

Hoping your health has improved substantially,

Most cordially,

G. L.
